Local Address: _____

Senior semester is four separate courses for which you register, totaling 12 hours. Students in print senior semester:

- **Should avoid any other classes or jobs from 8:45 a.m. to 5:30 p.m. Monday-Friday. (Permission of the lead instructor after consultation with the other senior semester faculty is required to deviate from that.)**
- **Must be available to work after 5 p.m. on days when a newspaper or Web site is being produced if work remains to be completed.**
- **Must dress professionally and properly represent the School in contacts with other groups and individuals.**
- **Must follow the student honor code and ensure any work they produce is theirs. Any material created by someone else and used in a student's work must be properly credited.**

I agree to the conditions listed above. I also understand that I will be notified whether I am to register for fall or spring senior semester. The School will make this assignment based on the number of applicants, their expected graduation, and their remaining courses, subject to facilities limitations and other restrictions, such as accreditation guidelines. **I will immediately notify Student Services – and file an amended application – if I fail to properly progress through the courses required before senior semester.**

I agree to register for senior semester in the semester to which I am assigned. If I do not, I acknowledge that my application will go back into the pool for reassignment without guarantee a slot will be available in the semester immediately following that to which I was assigned.
